TO WHOM IT MAY CONCERN :

This is to certify that Miss Doris Rinell has been a member of the Nursing Staff of the Faber Hospital as a Probationer since November 1945.

She has at all times carried out her duties faithfully, has proved an intelligent student, and has an excellent character and of a pleasing personality. In all her work she has been sympathetic and helpful. Consequently proving to be very popular with the patients and the other members of the Nursing Staff.

Her only reason for leaving the Hospital at this time is to proceed to her home in Sweden with her parents.

I can give my unqualified assurance that she will be an asset to any Nursing Training School or Hospital.

K. F. Eitel.

Dr. med. K. F. Eitel.
