Miss Edith Ruell.

Please be advised that the original wills (Roy's and mine) are in a metal box in the hall closet of our home in Yucca Valley, Cal.

1) My personal effects are few. My only wish is that the Chinese things (household & otherwise) shall be given to the Ruells who would appreciate them most. This, after Roy no longer has need of same. My personal trinkets are for you.

2) Please see that my remains are cremated if possible. Would prefer to have my ashes thrown into the Pacific, however, this is not important. The main thing is that I want no money spent on a grave, marker or niche. Keep burial simple.

Margaret R. Jewett.
