

Many thanks for your letter of
Oct. 1st and 21st. Sorry it has been such a
rush since my arrival from Oct. 8th when I
had a happy reunion and a hearty welcome
to Sweden. I'd like to enclose a statement
at your house. If the statement is not in the
letter, it will be sent separately with the
mail.

I hope Miss Forsythe has been
able to answer your many questions about
T'ao. You do not raise any after her in
she does not seem to have decided whether
she will honor Sweden by paying us a
visit, but I assume it is possible.

I forgot to tell you that
Mr. Chang had to turn in your car to
the authorities. I had to turn in Ch.
Cowherd's car and Miss Lindberg's motor
cycle. They were keen on getting as many
vehicles as possible. Private cars and
mission cars could not get gasoline
after Jan. this year.

I note that we can keep the
rec until it is claimed. The photographic
equipment was in the basement in the sup
room. What was removed to my house at

was left Hongkong Oct 19th - It will be thrilling
to see what has passed the customs. I am
many books, especially about China, had to be left
behind.

We are glad the parcel of table cloth
has arrived. There are no charges for it. I do not
remember how ^{much} the house tax for Oct, Nov, Dec 1950
was as I did not dare take the account out of
China. It was paid in Jan. 1951 and I think
U.S. \$15.- should cover it. Tang received \$50.-
in severance pay for three months according to the
rate I then paid my cook. Just before leaving
I gave him another \$25.- as Mr. Cheng had
not paid him for some time according to
his version. He (Tang) has a big family and
he is a nice chap. I would be very much obliged
if ^{a cheque for} \$90.- is kindly sent to our daughter -
Mrs. B. Holmquist, 1950 South Corona
Denver 10, Colo. She had recently moved from
Chicago as her husband studies at a Theology
Seminary in Denver.

Latest news from China is that Miss
Pearl Johnson and the Seuferts have gotten
their permits. Riders and Sellers probably left
during Oct. This seems to leave Pop Hanson
Clara Sullivan & Paul Mackensen. I hope
they will also soon ^{to be} out.

Kellen joins me in warmest regards
to Libby and son.

Sincerely yours,

O.P.
