My Darling Hubbie,

Sweetheart, 2 days more in Sweden! Boy!! - Hope to be able to write you 2 more letters in Sweden. Just think of it Hon, 2 more letters, and then we'll meet, be in each others arms and can show how much we mean to each other. Honey can this be true? We, as other engaged couples can be together, that's really going to be queer!! Otherwise, people always ask where you have your boy-friend, girl-friend!! Now we'll always be together.

Honey, our [illegible] bits of our love-story, I have written up all, but would it be best for me to be along, when looking at it, so the I won't write it in any letter, you won't understand anyway, I dont think!! Dope!!?

10th/ Honey, received a letter to-day too, Lucky me!!", and one from Paul & Jude too! They must be sweet, and about as goofy as us too!!

Sweetheart, I'm sorry I couldn't send you more letters before I leave, but there are such a lot of things to be done in the "last minute"! Darling, before I end this letter, I want to assure you, that I love you with my whole heart, Archie mine! You understand that Honey, don't you, or else I wouldn't dare take the risk of ~~going~~ comming over. Well, this is the last letter before we meet. How does that sound? To me it sounds wonderful. Just think, that I'll meet my own husband within 14 days! Have someone to love & be loved of, oh Honey, I'm the luckiest girl in the whole wide wide world. Darling, I love you sooo! — Must get to bed now, in order to get up to-morrow, for a day with quite some work. if it is the Lord's
